

# HOME MEDIA ENCLOSURES

RESIDENTIAL STRUCTURED WIRING METAL ENCLOSURES

## Home Media Enclosure With Hinged Door

Screw-On Option, Wood Studs or Surface Mountable

Wavenet's Home Media Enclosure offers the robust solutions to consolidate and distribute wired and wireless home networks from a single, centralized location

### PRODUCT FEATURES

- » Made from 18AWG steel construction
- » 2" diameter knockouts for cable entry and exit
- » Single gang electrical knockout for AC power outlet
- » Integrated with cable tie down tabs
- » Reversible & easy attach door
- » Hinged door with optional Screw-On lock
- » Drywall thickness indicators
- » Horizontal mounting modules hole patterns
- » Flush or surface mountable

**IDEAL FOR** future-proofing multi-media applications for distribution of signals

**COMPATIBLE** with Voice, Data, Video, Audio, Security and Fiber Optic modules

# Mounting and Installation Structure

## Metal Enclosure Mounting Display

Wavenet Enclosures are certified **UL Listed**, designed to integrate low-voltage wiring solutions into traditional structured wiring installations while maximizing the home's wired and wireless connected systems

### REVERSIBLE HINGED DOOR

- » Allows the door to be easily configured to open from either the left or right side, providing flexibility in installation and usability

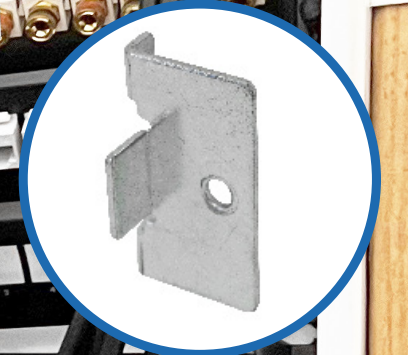

### LOCKABLE DOOR LATCH

- » The door latch feature provides secure and convenient closure for doors, ensuring safety and ease of use

### WOOD STUD HOOKS

- » Compatible on both sides, fast and easy installation, no tool needed for attaching to enclosure

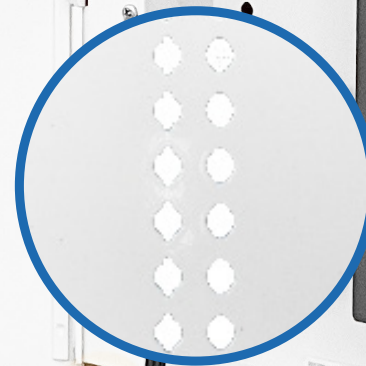

### FLEXIBLE HINGES

- » Fit left and right opening orientation, compatible with any wall irregularities and clearance

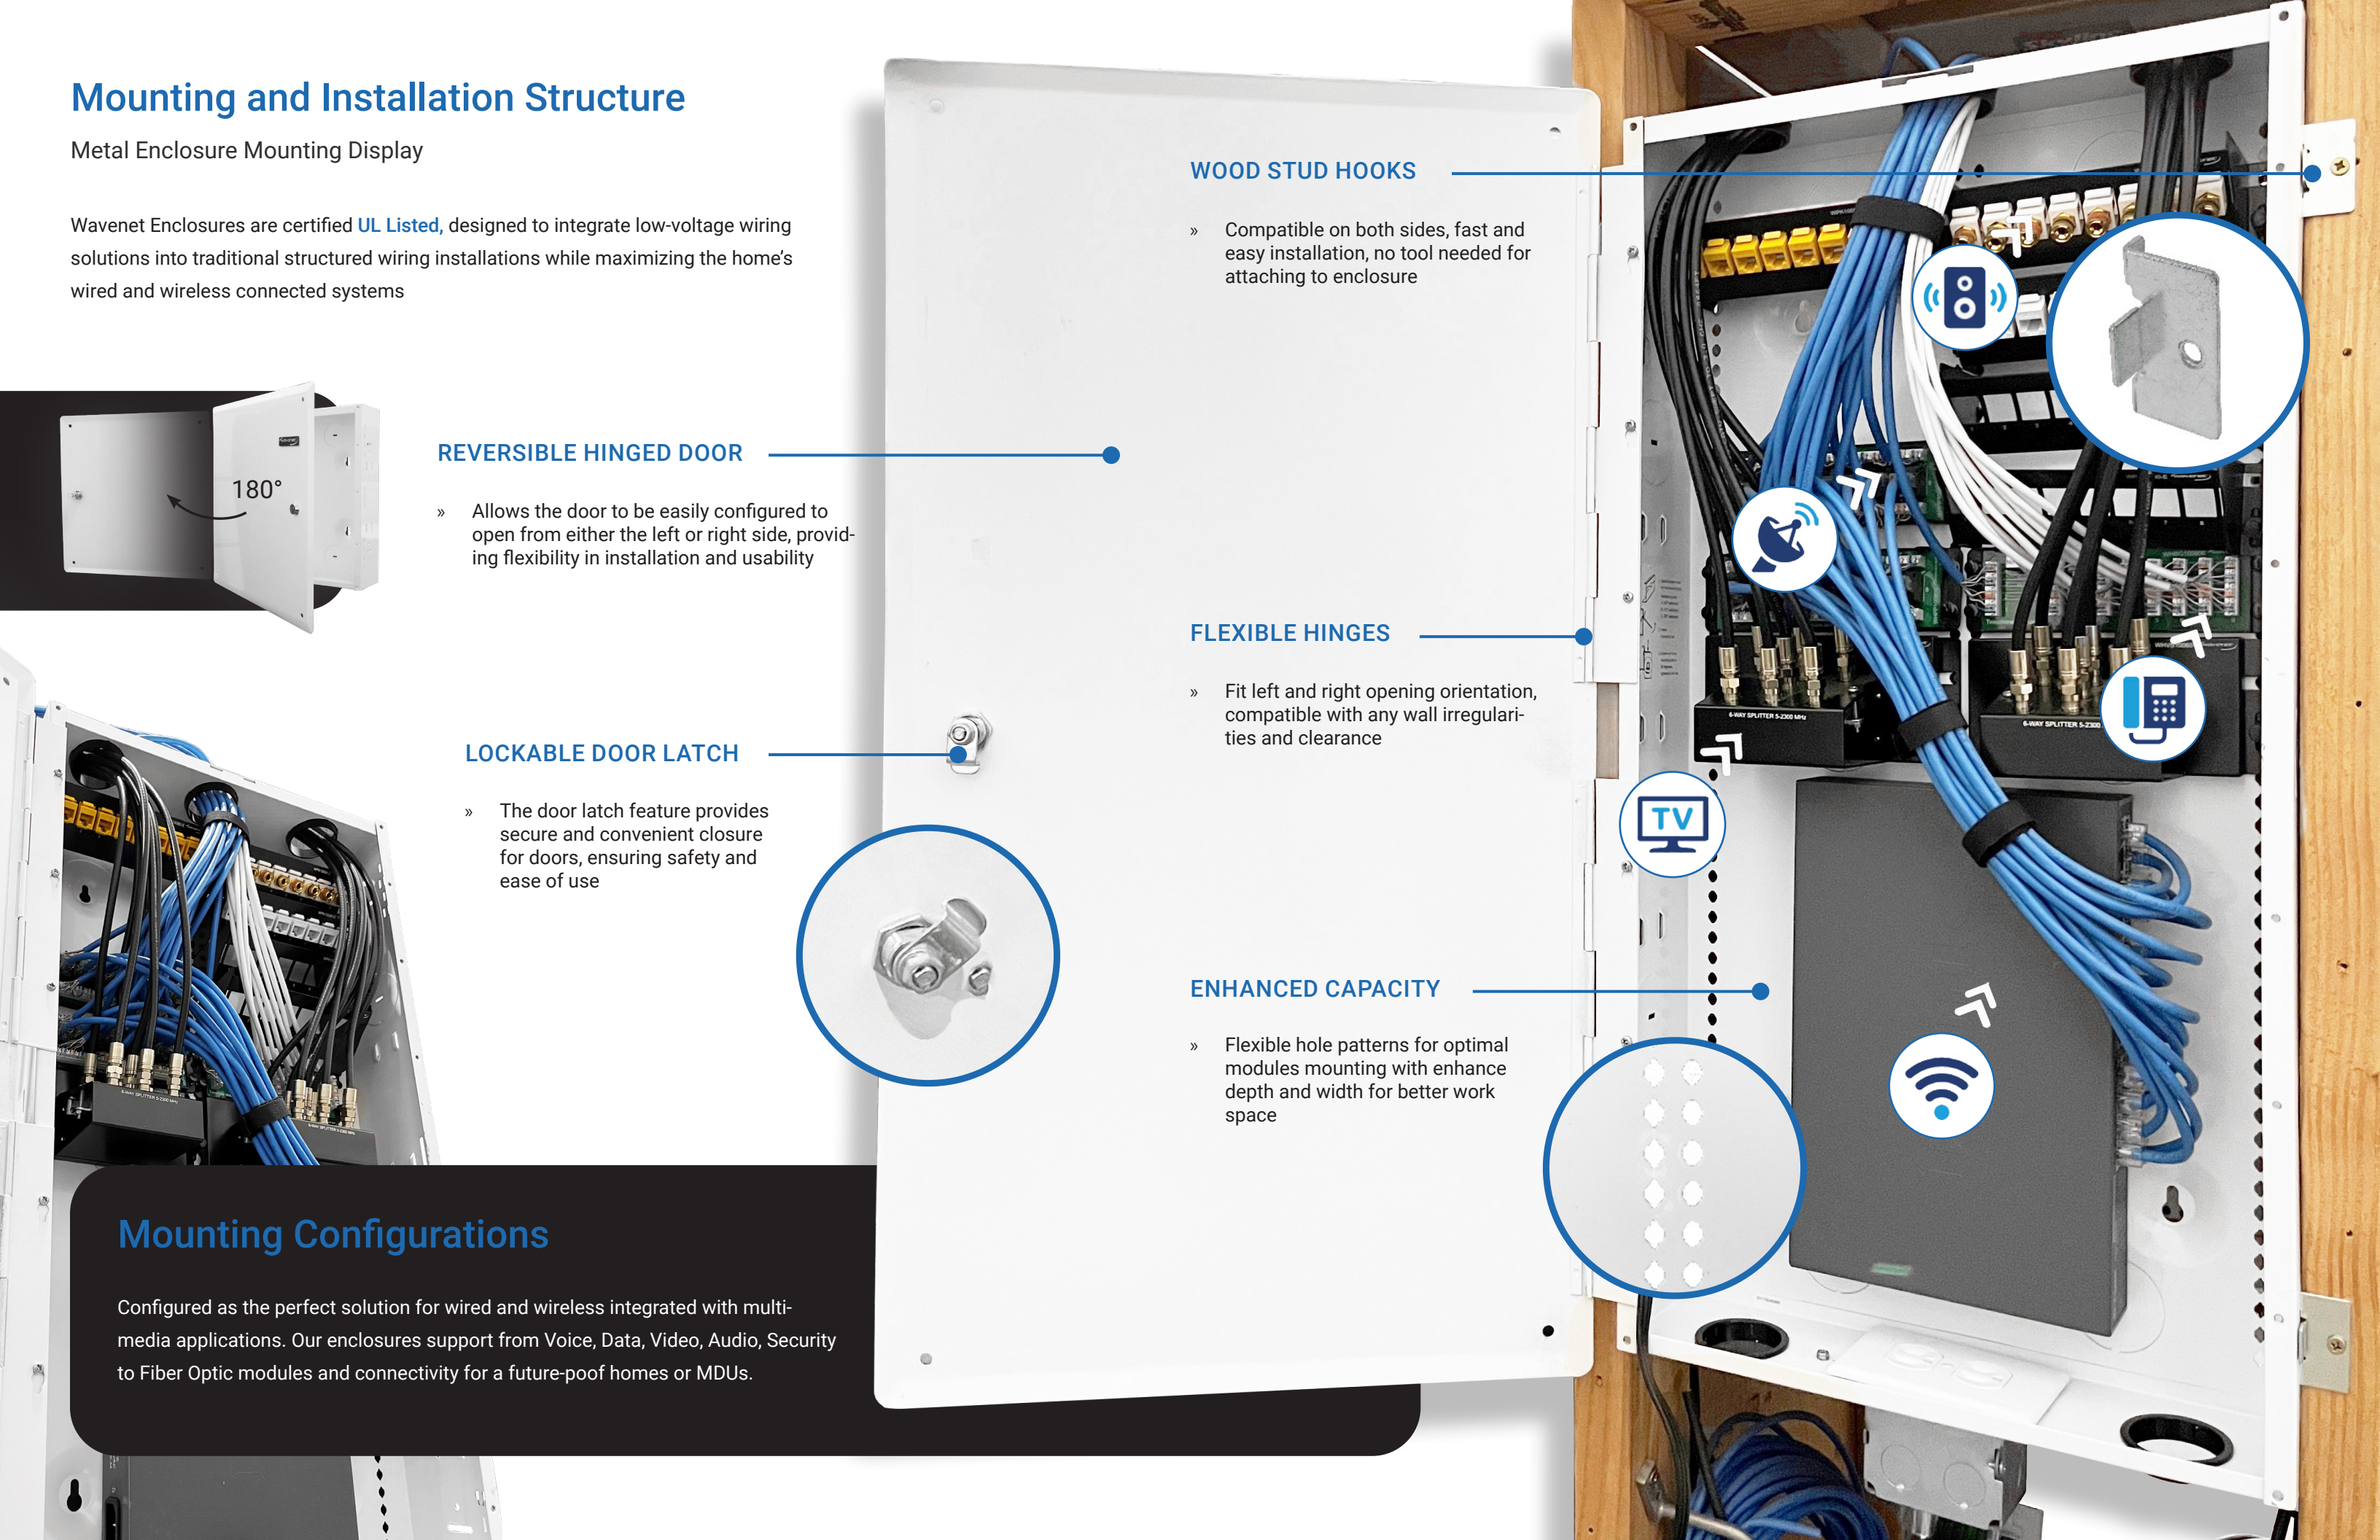

### ENHANCED CAPACITY

- » Flexible hole patterns for optimal modules mounting with enhance depth and width for better work space

## Mounting Configurations

Configured as the perfect solution for wired and wireless integrated with multimedia applications. Our enclosures support from Voice, Data, Video, Audio, Security to Fiber Optic modules and connectivity for a future-proof homes or MDUs.
